

# DRACO

## KEY BENEFITS:

- Die-cast aluminum housing with modular design, corrosion resistant
- High uniformity LED optics constructed of durable polycarbonate
- Over 20 optical lenses available
- 120-277VAC and 347-480VAC
- Optional emergency power supply
- UL/CUL/LM79/CB/CE/RoHS/IK08 certifications
- Outdoor IP67 rated
- Available in Grey, Black, Bronze or White
- 10 year limited warranty

## ADVANTAGES:

### 10 Year Warranty

No hassle returns and warranty for 10 years.

### Smart Lenses

Get perfect light output control, with lenses that shape light, not cut it.

### Quality Componentry

Fully tested and approved internal components.

### Protective Coating

Keep your components safe from weather and corrosion.

### Easy Install

Stop spending precious hours installing.

### Flexible Mount

Mounting options to get you where you need to be.

## SPECS:

Input	120-277 VAC / 220-240 VAC / 12-24 VDC
PF	>0.95
THD	<20%
L85	>60,000H
Operating Temp.	-40° ~ +50° C
Efficacy	120-140 lm/W
ANSI CCT	3000K / 4000K / 5000K / 5700K
Min. CRI	70 / 80 / 85

IP Rating	IP67
SPD	10KA* or 20KA
Certifications	UL / CUL / LM79 / CB / CE / RoHS / IK08
DALI	Optional
1-10V	Optional
Photocell	Optional
Smart Control	Optional
Optic (IESNA)	Type II / Type III / Type IV / Type V
Color Options	Grey / Black / Bronze / White
